

# 6th Annual International Summer School and Conference

Beyond Secular Faith

17-25 June, 2018  
Granada- Spain

## ◆ ABOUT THE SCHOOL AND CONFERENCE

The title of our sixth annual Summer School and International Conference, Beyond Secular Faith is **Economy of Desire**. Our late capitalist and secular culture is based on an intense relationship of economy and desire. This is manifested most acutely in a virtual consumerism that has come to dominate our sense of self and our relations.

The hope of this International Summer School and Conference is to take the current anthropological crisis as an opportunity to repose the question of the deeper theological relation of economy and desire. Our goal is to eschew the reduction of our two terms in order recover to them their polyvalent and genuinely human, incarnate reality.

For five years our summer school has facilitated a rich and friendly theological, philosophical and cultural dialogue in freedom, in the unique setting of Granada, a breathtakingly beautiful city that lies at the historic crossroads of modernity and the Christian tradition.

## ◆ CALL FOR APPLICATIONS AND CALL FOR PAPERS

Deadline: **30<sup>th</sup> April 2018**

## ◆ ORGANIZATION AND FEES

Seminars will meet Monday through Friday (4 hours a day). You can either choose to study for five days or you can also participate and attend a 3-day International Congress at the end of the summer course.

A key feature of the IFES Summer School is the out-of-class learning which will be an integral part of each module. The content will vary but excursions include visits to the tropical beaches in Granada, flamenco show at the Sacromonte caves, Alhambra Palace and Generalife Gardens.

All International Summer Students and the professors will live in several hotels or apartments right in the heart of the city, near the Albaycín, the old Moorish quarter of the city and only few minutes' walk from library facilities, shops, restaurants, theatres, and social areas.

The programme fee includes all tuition costs, your own private room with bathroom, a comprehensive orientation and social activities, and optional fields trips. There will also be the possibility to pay just for the courses without the trips and cultural activities as some of you might have already seen the city and its precious monuments.
